**“Management is doing  
things right.”**

**—Peter Drucker**

# PROBLEM STATEMENT

Develop a web-based event management system to facilitate the creation, management, and promotion of events for organizers and seamless event discovery and ticket purchasing for attendees.

# OBJECTIVE

Develop a web-based event management system to facilitate the creation, management and promotion of events for organizers and seamless event discovery and ticket purchasing for attendees.

# KEY FEATURES AND FUNCTIONALITIES

**1. User  
Registration and  
Authentication**

**2.Event  
Creation and  
Management**

**3.Ticket  
Purchasing  
and Payment  
Processing**

**4.Event  
Promotion  
and  
Discovery**

**5. Analytics and Reporting**

**6. Event Details and RSVP**

**7. Security and Compliance**

**8. Feedback, Support and Community Engagement**
